

# COLORING BOOK

For children from 3-7 years of age

Color with me!

Coloring book helps preschoolers explore the creative world of drawing and coloring. Print out the pictures and color them toward your own fantasy.

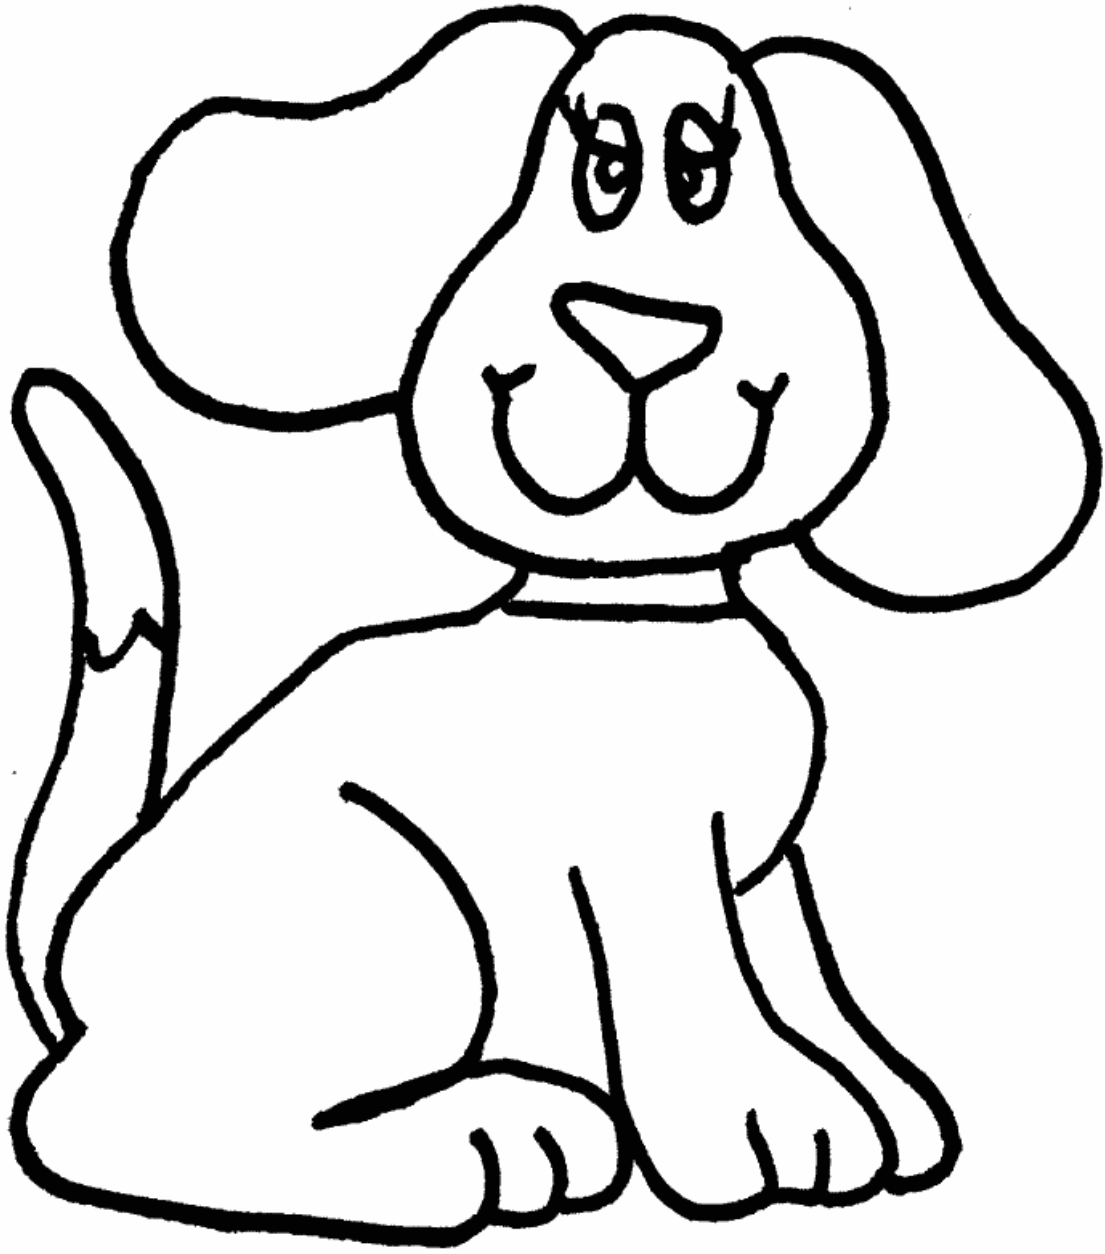

You can print out the pictures, or color them at your computer

Have fun together!

## Some info about dogs

- Always ask before you touch someone else's dog
- Approach a dog from the side, so he can check you out first.
- **DO NOT** attempt to pat dogs on the top of their heads, scratch a dog under the chin, or pat his shoulder.
- Avoid eye contact with dogs that you do not know.

### What you should do if a dog is aggressive:

- Freeze, don't move!
- Count to five, slowly and silently.
- Move away very slowly, sideways or backwards.
- If the dog jumps on you, act like a rock by curling up into a ball and covering your face and head with your arms.

### NEVER do:

- Do not stare at the dog - that means: "I dare you to bite me!"
- Do not run, jump or wave your arms around.
- Do not scream.
- Do not throw anything at the dog, do not try to hit him.

Always be gentle with dogs. Do not tease dogs, hit them over the nose, or pull their tails or ears. You are asking to get bitten!  
How else can dogs tell you they do not like what you are doing?

**Be always fair, be nice and kind – and dogs will be your best friends!**
